Gary Shank
Roofing Specialist, Inc.
306 County Line Road
Fayetteville, Georgia 30215

Dear Gary:

Please allow this letter to serve as a reference. You may distribute it as you wish.

I have used Roofing Specialist, Inc. on two occasions. The first was for my farmhouse in Sevier County, Tennessee. This home was constructed around 1909 and it desperately needed a roof replacement. I was restoring the home and wanted to use the same terne metal roofing that was originally installed. We were running into difficulty in finding a company that was qualified to install the material, so I contacted the manufacturer, Follansbee Steel, and they recommended Gary. His crew did a wonderful job on a very difficult installation. The crew chief formed all the seams by hand and it was very apparent to me that he was experienced. After six years, I am still very satisfied.

The second time I used Roofing Specialist, Inc. was for my Knoxville home last fall. Constructed in 1937, this house has a tile and copper roof with copper guttering. They replaced several of the tiles, put a new standing seam copper roof over the rear, and replaced all the copper guttering on the rear of the house. I was very pleased with the end result and would highly recommend them.

Please do not hesitate to contact me if I can answer any questions.

Sincerely,

Charles E. Atchley, Jr.
